17. Regarding EC applicability of the Bokaro Airport of M/s Bokaro Steel Plant (SAIL), Bokaro.

The SEAC again considered and examined the above matter and gave following recommendation in the instant matter:

"A mail sent by Mr. D.K. Saxena, CGM (Environment, Conservation & Sustainability), SAIL, Bokaro Steel Plant to SEIAA and DFO, Ranchi –cum- Member Secretary, SEAC seeking clarification on the applicability of requirement of EC on conversion of the Captive Bokaro Airport to Commercial (Public use) Airport.

It is to be noted that clarification in this regard has already been discussed in the 115th meeting of SEAC held on 23rd to 27th July, 2024 and further deliberated on the same issue in the 115th meeting of SEIAA held on 06th & 07th August, 2024. The outcome of deliberations and discussions of the SEIAA and SEAC meetings were communicated to concerned authorities.

The SEAC is of the opinion that no further deliberation in the matter is warranted in the matter as the details were very explicitly communicated by SEIAA.

Further, Mr. D.K. Saxena had personally come during SEAC meeting and he was again explained to his satisfaction about the applicability of requirement of EC on conversion of the Captive Bokaro Airport to Commercial (Public use) Airport.

The SEIAA may communicate the same to Mr. D.K. Saxena, CGM (Environment, Conservation & Sustainability), SAIL, Bokaro Steel Plant".

The said matter was already been discussed by SEAC in its 115th meeting held on 23rd to 27th July, 2024 in which SEAC has provided following recommendation:

"As per EIA notification, 2006 as amended for time to time, Airport projects are listed under serial 7(a) of the scheduled. The projects are classified as follows:

- a. *All new projects including airstrips, which are for commercial use are categorized as Category 'A' projects and to be appraised at the Central Level.*
- b. *All expansion projects, including airstrips which are for commercial use are categorized as Category 'B' projects and to be appraised at the State Level.*

The SEAC has examined all the documents annexed with letter no. 31, dated 05.04.2024 from Member Secretary, SEIAA, Jharkhand addressed to the Joint Secretary, MoEF&CC, Govt. of India.

On examination of the documents it is seen that the existing Airport is a captive airport of M/s Bokaro Steel Plant (SAIL) and that it is not a commercial airport.

Now, the proposal is to convert this captive airport into a commercial airport.

Hence, the SEAC is of the view that as far as the commercial activities of the airport are concerned, it is to be considered as a new commercial airport.

Accordingly, it is to be considered as Category 'A' project and to be appraised at the Central Level".

Earlier the SEIAA in its 115th meeting held on 06th and 07th August, 2024 While examining of recommendation of 115th meeting held on 23rd to 27th July, 2024 of SEAC, SEIAA also considered the 93rd MoM of SEIAA, Odisha held on 15.10.2022 which relates the similar matter pertaining to grant of EC of existing airport of SAIL - Rourkela Steel Plant under category 7(a) column 4 : "All expansions projects, including airstrips, which are for commercial use" at the State Level.

SEIAA was of the opinion that:

- i. *Ministry of Civil Aviation (MoCA) has decided to develop the Bokaro Air Strip for operation of Commercial Flights under the Regional Connectivity UDAN Scheme of Govt. of India. This is an existing airport operating since early 1979 as a private airstrip for Bokaro Steel Plant earlier.*
- ii. *SAIL – Bokaro Steel Plant is the Integrated Iron & Steel Plant and a Maharatna Company under Ministry of Steel which was established by Govt. of India in the year 1979 at Bokaro. SAIL- Bokaro has an Air Strip in Bokaro Steel for private use established in early eighties.*
- iii. *This proposal is for EC for Up-gradation of Bokaro Air Port (expansion case) under RCS-UDAN scheme of Govt. of India.*
- iv. *As per EIA Notification, 2006 as amended for time to time the said project will require Environmental Clearance.*

In the 115th meeting of SEIAA held on 06th and 07th August, 2024 it was observed that there is difference of opinion between SEAC & SEIAA on the point that whether Environmental Clearance shall be given by SEIAA or MoEF&CC under schedule 7(a) of EIA Notification, 2006.

Therefore, MoEF & CC, Govt. of India may be required to provide clarification as to who will be the competent authority to accord Environmental Clearance i.e. either MoEF & CC or SEIAA.

The SEIAA considered the order dated 27.08.2025 of the Hon'ble High Court of Jharkhand passed in W.P.(C) No. 2726 of 2025 and W.P.(C) No. 4223 of 2025, M/s Tirupati Construction Vs The State of Jharkhand & Ors, In which Hon'ble Court permitted to be withdrawn these writ petitions with the liberty to the writ petitioner to approach before the SEIAA by raising all the issues.
